3. REPRESENTATIONS AND WARRANTIES

Seller, as a condition to consummation of a transaction contemplated herein, hereby makes the following representations and warranties to Purchaser as of each Purchase Date. The term "Agreement" refers to the Mortgage Loan Purchase Agreement (MLPA) and any other agreements between LoanStream and the Seller as well as the provisions of this Correspondent Seller Guide.

3.1 General Representations and Warranties

3.1.1 Organization and Authority

Seller is duly organized, validly existing, and in good standing under the laws of the state of its formation and has all licenses necessary to carry on its business as now being conducted and is licensed, qualified, and in good standing in each state where a Mortgaged Property is located if the laws of such state require licensing or qualification in order to conduct business of the type conducted by Seller, and, in any event, Seller is in compliance with laws of any such state to the extent necessary to ensure the enforceability of the related Mortgage Loan in accordance with the terms of this Guide.

Seller has the full corporate power and authority to execute and deliver an Agreement with LoanStream and to perform in accordance therewith. Execution, delivery, and performance of an Agreement (including all instruments of transfer to be delivered pursuant to the Agreement) by Seller and the consummation of transactions contemplated thereby have been duly and validly authorized. The Agreement evidences the valid, binding, and enforceable obligation of Seller. All requisite corporate action has been taken by Seller to make the Agreement valid and binding upon Seller in accordance with its terms. Seller is and has been at all material times in compliance with the LoanStream Correspondent Seller Guide.

3.1.2 Delegated FHA, VA and USDA Approvals

For any FHA Mortgage Loan submitted, the Seller is fully approved by the FHA to participate in its "direct endorsement" mortgage insurance program. For any VA Mortgage Loan submitted, the Seller is authorized to originate and submit Mortgage Loans to the VA for approval or to underwrite Mortgage Loans with "automatic authority." Regarding any USDA Mortgage Loan submitted, the Seller is approved to originate and submit Mortgage Loans for a USDA guarantee. The Seller is not currently, and has not been within the past year, subject to any administrative sanctions imposed by the FHA, VA, or USDA.

3.1.3 Ordinary Course of Business

Consummation of the transactions contemplated herein is in Seller's ordinary course of business. The transfer, assignment, and conveyance of Mortgage Notes and Mortgages by Seller pursuant to the Agreement are not subject to the bulk transfer or any similar statutory provisions in effect in any applicable jurisdiction.

3.1.4 Dodd-Frank Act Compliance

The Seller complies with Dodd-Frank and has established sufficient policies and procedures to ensure adherence to all related rules and regulations. If the Seller is a Credit Union or Small Creditor (as defined by Dodd-Frank), the Seller has met the higher or general standard for any applicable law, rule, or regulation, without relying on any relief or lower standard available to Credit Unions, Small Creditors, or other defined groups, for any Mortgage Loan delivered to LoanStream for purchase.

When a lower regulatory standard might apply to a transaction involving a creditor primarily operating in, or a property located in, a county designated by the CFPB as "rural or underserved" or "rural," the higher or general standard for any law, rule, or regulation will apply. The Seller cannot rely on any relief or lower standard provided for transactions within such counties.

3.1.5 No Conflicts

Neither execution and delivery of the Agreement, origination of Mortgage Loans by Seller, the sale of Mortgage Loans to Purchaser, other transactions contemplated, or fulfillment of or compliance with terms and conditions of the Agreement will (i) conflict with or result in a breach of any of the terms, conditions, or provisions of Seller's charter or bylaws, any legal restriction, agreement, or instrument to which Seller is now a party or by which it is bound, or constitute a default or result in acceleration under any of the foregoing, or (ii) result in violation of any law, rule, regulation, order, judgment, or decree to which Seller or its property is subject, or (iii) impair the ability of Purchaser to realize on Mortgage Loans or impair the value of such Mortgage Loans.

3.1.6 SAFE ACT Compliance

Seller, its agents, and any Third-Party Originators are in compliance with all applicable state and federal licensing and registration requirements enacted pursuant to the SAFE Act or other regulations. This includes, without limitations, adoption of the necessary policies and procedures to ensure that the Seller, its agents, any Third-Party Originators, and each of their respective employees who meet the definition of “mortgage loan originator” under such laws are appropriately licensed and registered, as applicable.

3.1.7 Applicable Laws and Agency Compliance

Any and all requirements of any applicable laws, all requirements, directions or guidance of the Agencies or LoanStream applicable to the Mortgage Loans or to the origination, sale or sourcing of the loans have been complied with. The consummation of the transactions considered herewith will not involve violation of any such applicable laws. Seller maintains, and shall continue to maintain, evidence of such compliance as required by applicable law, regulation, or Agency requirements, and shall make available such evidence for review at Seller’s office during normal business hours upon reasonable advance notice.

For all Mortgage Loans originated under Fannie Mae or Freddie Mac conventional mortgage programs, all warranties, representations and obligations required under the Agencies’ respective selling programs, including but not limited to rules enacted by the Federal Housing Finance Agency (FHFA), are hereby referenced, made a part of, and incorporated in their entirety into the Agreement. For all Mortgage Loans underwritten to Fannie Mae or Freddie Mac guidelines, the Mortgage Loan was underwritten in accordance with either Fannie Mae’s Selling Guide or Freddie Mac’s Seller/Service Guide, as applicable, and is otherwise eligible for sale or securitization to one or more GSEs.

Seller further warrants that each such insurable or guarantee-able Mortgage Loan is eligible for inclusion and securitization in a Ginnie Mae pool.

3.1.8 Securities Act

Neither the Seller nor anyone acting on its behalf has offered, transferred, pledged, sold, or otherwise disposed of the Mortgage Loan or any interest in it. They have not solicited any offers to buy or accept a transfer, pledge, or other disposition of the Mortgage Loan. Additionally, they have not approached or negotiated with anyone regarding the Mortgage Loan or any similar security.

The Seller has not made any general solicitation through general advertising or any other means or taken any other action that would constitute a distribution of the Mortgage Loans under the Securities Act of 1933(the “Securities Act”) or would violate Section 5 of the Securities Act or require registration. The Seller will not act in such a manner and has not authorized and will not authorize anyone to do so with respect to the Mortgage Loans.

3.1.9 Disclosures and Rescission Materials

The Mortgagor has received all disclosure and materials required by Applicable Law regarding the production of Mortgage Loans of the same type as the Mortgage Loan including in relation to limited

documentation programs, prepayment penalties, fees and charges, receipt of appraisal copy, and total loan compensation received by mortgage brokers, as applicable. Mortgagor has received in writing all rescission materials as required by Applicable Law, and acknowledged receipt of such materials and such acknowledgement will be retained in the Mortgage Loan file.

3.1.10 Ability to Perform

Seller does not believe, nor does it have any reason or cause to believe, that it cannot perform each and every covenant required of Seller under the Agreement. Seller is solvent, and the sale of Mortgage Loans will not cause Seller to become insolvent. The sale of mortgage loans is not undertaken with the intent to hinder, delay, or defraud any of Seller's creditors.

3.1.11 Material Adverse Change

Seller has not experienced a material adverse change, and there is no action, suit, proceeding, or investigation pending or, to Seller's knowledge, threatened against Seller that, either in any one instance or in aggregate, is likely to result in any material adverse change to Seller.

3.1.12 No Consent Required

No consent, approval, authorization, or order of any court or governmental agency or body is required for (i) execution, delivery, and performance by Seller of or compliance by Seller with the Agreement or the Mortgage Loans, (ii) delivery of or any portion of Mortgage Files to Purchaser or Purchaser's designee, (iii) sale of Mortgage Loans to Purchaser or consummation of transactions contemplated by the Agreement, or if required, such approval has been obtained prior to the initial Purchase Date.

3.1.13 No Untrue Information

Neither the Agreement nor any information, statement, report, data, tape, or other document furnished or to be furnished pursuant to the Agreement or in connection with transactions contemplated therein contains any untrue statement or material fact or omits to state a fact necessary to make the statements contained therein not materially misleading.

3.1.14 Sale Treatment and Selection

Seller declares that the disposition of the Mortgage Loans pursuant to the Agreement will be afforded sale treatment for accounting and tax purposes. Seller did not employ any adverse selection processes or procedures when choosing the Mortgage Loans to be sold to LoanStream.

3.1.15 Unacceptable Mortgage Loans

There are no circumstances or conditions related to the Mortgage, the Mortgaged Property, the Mortgagor, or the Mortgagor's creditworthiness that would reasonably lead investors to consider the Mortgage Loan unacceptable, likely to become delinquent, or likely to lose value or marketability.

3.1.16 No Commissions to Third Parties

Seller has not dealt with and does not currently deal with any broker, agent, or anyone else who might be entitled to a fee or commission in connection with the sale of any Mortgage Loan to Purchaser.

3.1.17 Loan Originator Compensation

Neither the Seller nor any other party has provided compensation to a loan originator based on any term or condition of the Mortgage Loan. If the Seller acted as the loan originator, it did not receive compensation tied to any such terms or conditions. Additionally, the compensation structures and business practices of the Seller and its Third Party Originators do not allow for variations in loan originator compensation based on loan or product type, except as required by law.

3.1.18 Financial Statements

All financial statements delivered to Purchaser fairly present the results of operations and changes in financial position at the end of each such period of Seller and its subsidiaries and have been prepared in accordance with generally accepted accounting principles consistently applied throughout the periods involved except as set forth in notes thereto. There has been no change in the business, operations, financial condition, properties, or assets of Seller since the last financial statement was delivered to Purchaser that would have a material adverse effect on Seller's ability to perform its obligations under the Agreement. Seller has fully and truthfully completed any forms requested by Purchaser in a timely manner and in accordance with the provided instructions.

3.1.19 Fair Consideration

Consideration received by Seller upon the sale of Mortgage Loans under the Agreement constitutes fair consideration and reasonably equivalent value for such Mortgage Loans.

3.1.20 Notification of Change

Seller will give written notification to Purchaser within ten (10) days of the occurrence of any event that would cause Seller to be unable to make any of the representations and warranties specified herein.

3.1.21 Seller Acknowledgement

Seller's representations, warranties, and covenants will remain fully effective as long as any Mortgage Loan purchased from the Seller is outstanding. Additionally, they will continue to be in effect as long as LoanStream faces any risk of loss or liability related to any Mortgage Loan purchased from the Seller, regardless of whether the Mortgage Loan is still outstanding.

LoanStream's rights concerning the Seller's representations, warranties, and covenants will persist beyond the Purchase Date of any specific Mortgage Loan and any termination of all or part of the Agreement. These rights are unaffected by any investigation or review conducted by or on behalf of LoanStream and will benefit LoanStream's affiliates, successors, and assigns.

3.1.22 Insurance

The Seller has complied with all material obligations under all applicable insurance agreements, including those with the FHA, and guaranty agreements with the VA and USDA, as well as hazard, flood, and private mortgage insurance (PMI) policies, in relation to any of the Mortgage Loans or Servicing Rights. The Seller has not engaged in any act or omission that could lead to the cancellation of, or otherwise adversely impact, any applicable insurance or guaranty agreements

3.1.23 Audits

To the extent permitted by Applicable Law, Seller has disclosed to LoanStream all actions and sanctions of all federal and state agency and instrumentality reviews, investigations, examinations, audits, actions and sanctions undertaken or imposed within two (2) years prior to the Agreement's effective date. Except as Seller has disclosed to LoanStream and LoanStream has approved in writing, Seller is not operating under any type of agreement or order (including, without limitation, a supervisory agreement, memorandum of understanding, cease and desist order, capital directive, supervisory directive, and consent decree) with or by any federal or state government agency, licensing, banking or regulatory authority, and Seller is in compliance with any and all capital, leverage or other financial or regulatory standards imposed by any applicable regulatory authority.

3.1.24 Texas (A)(6)

The Seller meets the eligibility criteria specified in the Texas Constitution. If the Seller intends to sell Texas (a)(6) Mortgage Loans originated by a Third-Party Originator, Seller has ensured that the originating lender is lawfully authorized to make Texas (a)(6) loans under Texas Constitution Section 50(a)(6)(P).

The Seller has a specific process in place for the receipt, handling, and monitoring of notices from borrowers that Seller or the mortgage originator failed to comply with the provisions of the law applicable to Texas Section 50(a)(6) mortgages. Such process is sufficient to ensure that the Seller would be able to correct the failure to comply by one of the authorized means no later than the 60th calendar day after the date the Seller is notified of the failure to comply by the borrower.

If Seller sells Texas Section 50(a)(6) Mortgage Loans originated by a third-party originator, Seller represents and warrants that the originating lender is lawfully authorized to make Texas (a)(6) loans under Texas Constitution Section 50(a)(6)(P) and that the originator has in place processes for the receipt, handling and monitoring of notices from borrowers as described above. To ensure ongoing compliance with the law applicable to mortgage loans authorized by Section 50(a)(6), Article XVI of the Texas Constitution, the processes and procedures used for the origination of the Texas Section 50(a)(6) mortgages are reviewed by the Seller regularly and will be updated and revised, as appropriate pursuant to clarifications of the law, on a regular, continual basis. The matters certified herein are representations and warranties of the Seller in relation with each Texas Section 50(a)(6) mortgage.

3.1.24.1 Texas Refinance

All Texas Refinance Mortgage Loan have been originated in compliance with the provisions of the applicable section of Article XVI, Section 50 of the Texas Constitution, the Texas Civil Statutes, the Texas Finance Code and all Applicable Laws.

If the Texas Refinance Mortgage Loan is a home equity Loan under Section 50(a)(6), then the loan complies with Article XVI, Section 50(a)(6) of the Texas Constitution, this Seller Guide, applicable product guides, and all applicable Agency requirements including, but not limited to:

- First payment is due no later than two months after closing.
- Seller has provided the title company with a detailed closing instruction letter requiring the title company to conduct the closing in compliance with all applicable provisions of Section 50(a)(6) of the Texas Constitution and requiring acknowledgement of its receipt
- For purposes of compliance with the acknowledgment of the "fair market" value of the homestead property requirement, the "fair market" value was based on an appraisal or evaluation prepared "in accordance with a state or federal requirement applicable to the

- extension of credit” and the appraisal attached to a written Borrower acknowledgment.
- The proceeds from the Texas Section 50(a)(6) mortgage were not used to acquire or improve the homestead if a mortgage for that purpose could have been made under a different provision of the Texas Constitution.
- At least 12 months have passed since any previous Section 50(a)(6) Mortgage Loan secured by the homestead property was closed, unless the new Mortgage Loan was originated in order to cure a failure in the original mortgage to comply with section 50(a)(6).
 - The Seller has notified LoanStream of same prior to purchase of the Mortgage Loan if the new Mortgage Loan was originated in order to cure a failure in the original mortgage to comply with section 50(a)(6).
- The Mortgage Loan Documents state that the Mortgagor may prepay such Texas Refinance Mortgage Loan in whole or in part to any Texas Refinance Mortgage Loan.

The Mortgage Loan does not have an open consumer complaint or consumer notification, verbal or written, at the time of or prior to purchase. The Seller reps and warrants that, at LoanStream’s request, it will process any Texas (a)(6) complaint within the guidelines and timelines provided by the Texas Constitution, under the supervision of the LoanStream Compliance Department.

3.1.25 Bankruptcy, Deed in lieu of Foreclosure, Foreclosure

The Mortgagor was not the subject of any bankruptcy proceeding that was dismissed or discharged during the period prior to the origination of the Mortgage Loan, as defined in the applicable Product Guides. At the time of origination—and through the Purchase Date—the Mortgagor was not a debtor in any state or federal bankruptcy or insolvency proceeding, nor are any such proceedings currently pending.

Additionally, the Mortgagor has not previously owned a property that was sold through foreclosure, conveyed to the originator through a deed in lieu of foreclosure, or otherwise transferred due to foreclosure, within the time frame specified by applicable law in the state where the property is located and, where applicable, in accordance with the Product Guides.

The Mortgaged Property is not currently subject to any bankruptcy or foreclosure proceedings. In cases where the Mortgagor was previously a debtor in a state or federal bankruptcy or insolvency proceeding and the Mortgage Loan being offered for purchase is a refinance of debt included in that proceeding, the underlying debt was reaffirmed as required by applicable state law and the United States Bankruptcy Code during the course of those proceedings.

3.1.26 Assets, Income, Employment

The originator thoroughly verified the Mortgagor’s income, employment, and assets following the Product Guides and implemented procedures to authenticate the supporting documentation. An appropriate assessment and documentation of the Mortgagor’s ability to repay the Mortgage Loan was conducted in compliance with Regulation Z. For Mortgage Loans not covered by Regulation Z, the assessment was performed in accordance with other applicable state and federal laws, rules, and regulations, as well as the standards used by mortgage loan underwriters.

3.1.27 Downpayment Verification

The Mortgagor has made the required down payment for the Mortgage Loan without receiving any concessions from the Seller, the property seller, or any other third party, as applicable by law and pursuant to Product Guides. The Mortgagor has contributed at least the specified percentage of the

purchase price of the Mortgaged Property using their own funds, as outlined in the Product Guides. The Seller has fully verified the source of the down payment.

3.1.28 Credit Reporting

Credit reporting company, Seller, or any predecessor and/or servicer, as applicable, has ensured that accurate and complete information (both favorable and unfavorable) on its Mortgagor credit files is fully furnished to the three credit repositories, Equifax, Experian, and TransUnion, on a monthly basis, as required by the Fair Credit Reporting Act and other applicable regulations, and as permissible.

3.1.29 Adverse Selection

Seller did not utilize selection practices that identified the Mortgage Loan as being less desirable or valuable than other comparable mortgage loans in Seller's portfolio.

3.1.30 Prohibited Practices

Seller and its Third Party Originators have not:

- Induced or encouraged the Mortgagor to default on an existing loan for the purpose of refinancing all or part of that loan.
- Disbursed Mortgage Loan proceeds directly to a home improvement contractor, except by a check made payable to the Mortgagor, jointly to the Mortgagor and the contractor, or through a neutral third-party escrow agent
- Used any portion of the loan proceeds to prepay future Mortgage Loan payments
- Applied an interest rate increase triggered by Mortgage Loan default that is not reasonably related to risk mitigation.

3.1.31 Data Integrity

The information in each electronic data file delivered by Seller to LoanStream is accurate, complete, and true. The provided information, documents, and data align with Seller's records, the Mortgage Loan File, and the servicing file. Any seller or builder concessions exceeding allowable limits by the Agencies or applicable Product Guides at the time of origination have been deducted from the Appraised Value of the Mortgaged Property to determine the loan to value ratio (LTV) and combined loan to value ratio (CLTV) at origination. The documents and data required in the Mortgage Loan file and electronic record contain the most current information retained by Seller.

3.1.32 Mortgage Loan File

For each Mortgage Loan, Seller possesses a complete Mortgage Loan File, except for documents already delivered to LoanStream or the Custodian, or those submitted for recording and not yet returned. The Mortgage Note, Mortgage, Assignment of Mortgage, and other required Mortgage Loan Documents have been delivered in accordance with the Agreement's specific requirements by the Purchase Date. Each document and instrument in the Mortgage Loan File is properly executed, in due and proper form, and acceptable to the applicable federal or state regulatory agency at the time of the Mortgage Loan's origination. All documents necessary to foreclose on the related Mortgaged Property are included in the Mortgage Loan File delivered to LoanStream or the Custodian.

3.1.33 Flood Certification Contract

Each Mortgage Loans is covered by a paid in full, life of loan, flood certification contract. Each of these contracts is fully assignable to LoanStream and its assigns.

3.1.34 Additional Fees

Any broker fees collected and paid on the Mortgage Loan and origination have been correctly assessed to the Mortgagor and fully paid. There will be no claims for double-charged broker fees that would entitle the Mortgagor to reimbursement.

3.2 Individual Loans

As to each Mortgage Loan, Seller hereby represents and warrants to Purchaser that as of the Mortgage Loan's respective Purchase Date, the following are true.

3.2.1 Mortgage Loans as Described

The information regarding the Mortgage Loan disclosed to Purchaser is complete, true, and accurate in all material respects.

3.2.2 Payments Current

The Mortgagor has made, and Seller has credited, all payments required to be made under the terms of the Mortgage Note through the Purchase Date. No payment required under the Mortgage Loan is currently fifteen (15) days or more delinquent on the Purchase Date and no payment under the Mortgage Loan has been thirty (30) days or more delinquent at any time since the origination of the Mortgage Loan.

3.2.3 No Outstanding Charges

There are no defaults in complying with the terms of the Mortgage, and all taxes, government assessments, insurance premiums, water, sewer, and municipal charges, leasehold payments, or ground rents that previously became due and owing have been paid, or an escrow of funds has been established in an amount sufficient to pay for every such item that remains unpaid and that has been assessed but is not yet due and payable. Seller has not advanced funds or induced, solicited, or knowingly received any advance of funds by a party other than the Mortgagor, directly or indirectly, for the payment of any amount required under the Mortgage Loan.

3.2.4 Original Terms Unmodified

The terms of each Mortgage Loan and Mortgage have not been impaired, waived, altered, or modified in any respect, except by a written instrument that has been recorded, if necessary to protect the interests of Purchaser and that has been delivered to Purchaser and is part of the Mortgage File.

The substance of any such waiver, alteration, or modification has been approved by all applicable Persons to the extent required. No Mortgagor has been released, in whole or in part, except in connection with an assumption agreement approved by all applicable persons, to the extent required, and which assumption agreement is part of the Mortgage Loan File delivered to Purchaser.

3.2.5 No Defenses

No Mortgage Loan is subject to any right of rescission, set-off, counterclaim, or defense, nor will the operation of any of the terms of the Mortgage Note or the Mortgage or the exercise of any right thereunder render either the Mortgage Note or the Mortgage unenforceable, in whole or in part, or subject to any right of rescission, set-off, counterclaim, or defense, and no such right of rescission, set-off, counterclaim, or defense has been asserted with respect thereto, and no Mortgagor was a debtor in any state or federal bankruptcy or insolvency proceeding from the time the Mortgage Loan was originated through the Purchase Date.

3.2.6 Hazard and Flood Insurance

Pursuant to the terms of the Mortgage, all buildings or other improvements upon the Mortgaged Property are insured by a generally acceptable insurer against loss by fire, hazards of extended coverage, and such other hazards as are customary in the area where the Mortgaged Property is located pursuant to insurance policies conforming to all applicable requirements. If upon origination of the Mortgage Loan, the Mortgaged Property was in an area identified in the Federal Register by the Federal Emergency Management Agency (FEMA) as having special flood hazards, a life-of-loan flood insurance policy meeting the requirements of the current guidelines of the Federal Flood Insurance Administration is in effect that conforms to all applicable requirements. Such flood insurance shall be with a nationally recognized flood insurer approved by the Agencies or other insurer as may be approved by Purchaser.

All individual insurance policies contain a standard mortgagee clause naming Seller and its successors and assigns as mortgagee, and all premiums thereon have been paid. The mortgage obligates the Mortgagor thereunder to maintain the hazard insurance policy at the Mortgagor's cost and expense and, on the Mortgagor's failure to do so, authorizes the holder of the Mortgage to obtain and maintain such insurance at such Mortgagor's cost and expense and to seek reimbursement therefore from the Mortgagor. Where required by state law or regulation, the Mortgagor has been given an opportunity to choose the carrier of the required hazard insurance, provided the policy is not a "master" or "blanket" hazard insurance policy covering the common facilities of a planned unit development (PUD).

The hazard insurance policy is the valid and binding obligation of the insurer, is in full force and effect, and will be in full force and effect and inure to the benefit of Purchaser upon consummation of the transactions contemplated by the Agreement. Seller has not engaged in and has no knowledge of the Mortgagor or any sub-servicer engaging in any act or omission that would impair the coverage of any such policy, the benefits of the endorsement provided for herein, or the validity and binding effect of either, including without limitation, no unlawful fee, commission, kickback, or other unlawful compensation or value of any kind has been or will be received, retained, or realized by any attorney, firm, or other Person, and no such unlawful items have been received, retained, or realized by Seller.

3.2.6.1 Escrow/Impounds for Flood Insurance

- Flood insurance premiums must be escrowed
- No Waivers: Escrow/impounds for flood insurance premiums may not be waived, regardless of LTV, on loans secured by 1- to 4-unit properties (including PUDs and site condos).
- Condominium Flood Premiums: If flood insurance in the required amount is paid by a condominium association, homeowner's association, or other applicable group as a common expense, no escrow is required.

- Evidence of Flood Insurance Escrows: Sellers will be required to provide evidence that flood insurance premiums have been escrowed prior to loan purchase, regardless of whether any other funds associated with the loan are escrowed (i.e., taxes, insurance premiums, or any other fees or charges). These requirements will apply to all loans in mandatory flood zones.

3.2.7 Compliance with Applicable Laws and Requirements

Each Mortgage Loan complies with (i) all applicable local, state, and federal laws, rules, regulations, and ordinances, (ii) the requirements and guidelines of any applicable governmental Agency, board, commission, instrumentality, or other governmental or quasi-governmental body or office, (iii) all judicial and administrative judgments, orders, stipulations, and injunctions applicable to Seller or the Mortgage Loans, and (iv) all applicable provisions of this Seller Guide.

All loans subject to the general ability-to-repay (ATR) underwriting standards (12 C.F.R 1026.43(c)) require the Seller to make a reasonable, good-faith determination that the consumer has a reasonable ability to repay the loan prior to or at consummation. A reasonable, good-faith ATR evaluation must consider the following eight underwriting factors based on available information in the mortgage loan file using reliable third-party records:

- I. Current or reasonably expected income or assets
- II. Current employment status
- III. The monthly payment on the covered transaction (fulling indexed, fully amortizing)
- IV. The monthly payment on any simultaneous loan secured by the subject property
- V. The monthly payment for mortgage-related obligations
- VI. Current debt obligations (reported by a credit report or disclosed by the consumer), alimony and child support
- VII. The monthly debt-to-income ratio or residual income
- VIII. Credit history

3.2.8 No Satisfaction of Mortgage

Each Mortgage has not been satisfied, canceled, subordinated, or rescinded, in whole or in part, and the Mortgaged Property has not been released from the lien of the Mortgage, in whole or in part, nor has any instrument been executed that would affect any such release, cancellation, subordination, or rescission. Seller has not waived the performance by the Mortgagor of any action if the Mortgagor's failure to perform such action would cause the Mortgage Loan to be in default, nor has Seller waived any default resulting from any action or inaction by the Mortgagor.

3.2.9 Valid First and Second Lien

For all first and second lien mortgages, each Mortgage is a valid, subsisting, enforceable, and perfected lien and correct first or second priority security interest in the Mortgaged Property, including all buildings on the Mortgaged Property and all installations and mechanical, electrical, plumbing, heating, and air conditioning systems located in or annexed to such buildings and all additions, alterations, and replacements made at any time with respect to the foregoing. The lien of each Mortgage is subject only to (1) the lien of current real property taxes and assessments not yet due and payable; (2) covenants, conditions, restrictions, rights of way, easements, and other matters of public record as of the date of recording acceptable to mortgage lending institutions generally and specifically referred to in the Lender's title insurance policy delivered to the originator of the Mortgage Loan; (3) first lien applicable only to second lien mortgages and (i) referred to or otherwise considered

in the appraisal made for the originator of the Mortgage Loan or (ii) which do not adversely affect the Appraised Value of the Mortgaged Property; and (4) other matters to which similar properties are commonly subject that do not materially interfere with the benefits of the security intended to be provided by the Mortgage or the use, enjoyment, value, or marketability of the related Mortgaged Property.

Any security agreement, chattel mortgage, or equivalent document related to and delivered in connection with the Mortgage Loan establishes and creates a valid, subsisting, and enforceable lien and priority security interest in the property described therein, and Seller has full right to sell and assign the same to Purchaser. The Mortgaged Property was not, as of the date of origination of the Mortgage Loan, subject to a mortgage, deed of trust, deed to secure debt, or other security instrument creating an undisclosed lien subordinate to the lien of the Mortgage.

3.2.10 Validity of Mortgage Documents

Each Mortgage Note and Mortgage are genuine, and each is the legal, valid, and binding obligation of the maker thereof, enforceable in accordance with its terms. All parties to the Mortgage Note and the Mortgage and any other related agreement had legal capacity to enter into the Mortgage Loan and to execute and deliver the Mortgage Note, and the Mortgage and any other related agreement have been duly and properly executed by such parties. None of the documents, instruments, and agreements submitted, reviewed, or used in connection with the origination of the Mortgage Loan were falsified or contain any untrue statements of material fact and do not omit to state a material fact required to be stated therein or necessary to make the information and statements therein not misleading. No fraud was committed in connection with the origination of the Mortgage Loan. Seller has reviewed all of the documents constituting the Mortgage File and the Servicing File for each Mortgage Loan and has made such inquiries as it deems necessary or as may be required by applicable law to make and confirm the accuracy of the representations set forth herein.

3.2.11 Full Disbursement of Proceeds

Each Mortgage Loan has been closed, and the proceeds of the Mortgage Loan have been fully disbursed, and there is no requirement for future advances thereunder, and any and all requirements as to completion of any on-site or off-site improvement and as to disbursements of any escrow funds, therefore, have been complied with unless a minor withhold of funds has been approved by the Purchaser. All costs, fees, and expenses incurred in making or closing the Mortgage Loan and the recording of the Mortgage were paid, and the Mortgagor is not entitled to any refund of any amounts paid or due under the Mortgage Note or Mortgage.

3.2.12 Ownership

Seller is the sole owner of record and holder of the Mortgage Loan. The Mortgage Loan is not assigned or pledged, and Seller has good and marketable title thereto, and has full right to transfer and sell the Mortgage Loan therein to Purchaser free and clear of any encumbrance, equity, participation interest, lien, pledge, charge, claim, or security interest and has full right and authority subject to no interest or participation of or agreement with other party to sell and assign each Mortgage Loan pursuant to the Agreement.

3.2.13 Doing Business

All parties that have had any interest in the Mortgage Loan, whether as mortgagee, assignee, pledgee, or otherwise, are (or, during the period in which they held and disposed of such interest, were) (i) in

compliance with any and all applicable licensing requirements of the laws of the state wherein the Mortgaged Property is located, and (ii) organized under the laws of such state, or (iii) qualified to do business in such state, or (iv) federal and loan associations or national banks having principal offices in such state, or (v) not doing business in such state.

3.2.14 Mortgage Insurance

If a Mortgage Loan is required to have mortgage insurance as provided in the Seller Guide, then a private mortgage insurance policy has been obtained from a qualified private mortgage insurance company that is acceptable to Fannie Mae and/or Freddie Mac, unless otherwise specified, and no action, inaction, or event has occurred, and no state of facts exists that has or will result in the exclusion from, denial of, defense to, or rescission of coverage.

Neither the Seller, the related originator (if different from the Seller), any servicer or any other party has done, by any act or omission, anything which would compromise the coverage of such private mortgage insurance (PMI) policy, its endorsements, or the validity and enforceability. No action, inaction, omission or event has occurred, and no circumstances exist that has, or will, result in the exclusion from, denial of, or defense to coverage under the PMI policy. Any Mortgage Loan subject to a Mortgagor paid PMI Policy requires Mortgagor to maintain the PMI Policy and to pay all associated premiums and charges until cancelled according to Applicable Law. No Mortgage Loan requires payment of such premiums, as a whole or in part, by LoanStream.

3.2.15 Title Insurance

The Mortgage Loan is covered by an American Land Title Association (or any successor thereto) lender's title insurance policy of other generally acceptable form of policy of insurance acceptable to the Agencies, issued by a title insurer acceptable to the Agencies and qualified to do business in the jurisdiction where the Mortgaged Property is located, insuring Seller, its successors and assigns, as to the first priority lien, as applicable, of the Mortgage in the original principal amount of the Mortgage Loan subject to the exceptions contained herein. Where required by state law or regulation, the Mortgagor has been given the opportunity to choose the carrier of the required mortgage title insurance. Additionally, such lender's title insurance policy affirmatively insures ingress and egress, and against encroachments by or upon the Mortgaged Property or any interest therein.

Seller is the sole insured of such lender's title insurance policy, and such lender's title insurance policy is in full force and effect and will be in force and effect upon the consummation of the transactions contemplated in the Agreement. No claims have been made under such lender's title insurance policy, and no prior holder of the Mortgage, including Seller, has done, by act or omission, anything that would impair the coverage of such lender's title insurance policy, including, without limitation, no unlawful fee, commission, kickback, or other unlawful compensation or value of any kind has been or will be received, retained or realized by any attorney, firm, or other Person and no such unlawful items have been received, retained or realized by Seller.

3.2.16 No Defaults

There is no default, breach, violation, or event of acceleration existing under the Mortgage or the Mortgage Note and no event which, with the passage of time or with notice and the expiration of any grace or cure period, would constitute a default, breach, violation, or event of acceleration and neither Seller nor its predecessors have waived any default, breach, violation, or event of acceleration.

3.2.17 No Mechanics' Liens

There are no mechanics' or similar liens or claims that have been filed for work, labor, or material (and no rights are outstanding that under the law could give rise to such liens) affecting the related Mortgaged Property that are or may be liens prior to, equal with, or coordinate with the lien of the related Mortgage.

3.2.18 Location of Improvements: No Encroachments

All improvements that were considered in determining the Appraised Value of the Mortgaged Property lie wholly within the boundaries and building restriction lines of the Mortgaged Property and no improvements on adjoining properties encroach upon the Mortgaged Property. No improvement located on or being part of the Mortgaged Property is in violation of any applicable zoning law or regulation. Applicable Laws, regulations or building codes and standards, and the improvements comply with the laws, regulations, or building codes and standards as of the Purchase Date.

3.2.19 Origination: Payment Terms

At the time each Mortgage Loan was purchased, the lender identified on the Mortgage Note was (i) licensed to originate Mortgage Loans in the state in which the Mortgaged Property is located, and (ii) a mortgagee approved by the Secretary of Housing and Urban Development pursuant to sections 203 and 211 of the National Housing Act or a savings and loan association, a savings bank, a commercial bank, or similar banking institution that is supervised and examined by a Federal or State authority.

Unless otherwise required by Applicable Law, the first payment on Mortgage Loans was due no more than 62 days after the closing disbursement date and on the first calendar day of the month. The Mortgage Interest Rate is the interest rate set forth in the Mortgage Note. The Mortgage Note is payable in monthly installments of principal and interest, or interest only with interest calculated and payable in arrears, sufficient to amortize the Mortgage Loan fully by the stated maturity date, over an original term or not more than forty years from commencement of amortization.

All terms of the related Mortgage Note regarding interest rate adjustments, payment adjustments and adjustments of the outstanding principal balance, if any, are enforceable and such adjustments will not affect the priority of the lien of the related Mortgage. All such adjustments have been executed correctly and with terms of the Mortgage Loan and Applicable Law.

3.2.20 Customary Provisions

Each Mortgage contains customary and enforceable provisions such as to render the rights and remedies of the holder thereof adequate for the realization against the Mortgaged Property of the benefits of the security provided thereby, including (i) in the case of a Mortgage designated as a deed of trust, by trustee's sale, and (ii) otherwise by judicial foreclosure.

Upon default by a Mortgagor on a Mortgage Loan and foreclosure on or trustee's sale of the Mortgaged Property, pursuant to the proper procedures, the holder of the Mortgage Loan will be able to deliver good and merchantable title to the Mortgaged Property. There is no homestead or other exemption available to the Mortgagor that could interfere with the right to sell the Mortgaged Property at a trustee's sale or the right to foreclose the Mortgage subject to applicable federal and state laws and judicial precedent with respect to bankruptcy and right of redemption.

3.2.21 Conformance with Guidelines

Each Mortgage Loan conforms to Purchaser's underwriting guidelines and, as applicable, Agency guidelines at time of Purchase without regard to any underwriter discretion, unless exception was granted in writing by LoanStream. The Mortgage Note and Mortgage are on forms acceptable to the Agencies and Purchaser, as applicable. The Mortgage Loan complies with all requirements of the Seller Guide, and to the extent, the Seller Guide requires the Mortgagor to undertake certain actions after the Purchase Date, all such actions will be performed in the timeframes prescribed.

3.2.22 Mortgaged Property

All inspections, licenses, and certificates required to be made or issued with respect to all occupied portions of the Mortgaged Property and, with respect to the use and occupancy of the same, including but not limited to certificates of occupancy and fire underwriting certificates, have been made or obtained from the appropriate authorities.

3.2.23 No Additional Collateral

Each Mortgage Note is not and has not been secured by any collateral except the lien of the corresponding Mortgage and the security interest of any applicable security agreement or chattel mortgage referred to under [Validity of Mortgage Documents](#) above.

3.2.24 Deed of Trust

In the event a Mortgage constitutes a deed of trust, a trustee, duly qualified under applicable law to serve as such, has been properly designated and currently so serves and is named in the Mortgage and no fees or expenses are or will become payable by Purchaser to the trustee under the deed of trust, except in connection with a trustee's sale after default by the Mortgagor.

3.2.25 Acceptable Investment

There are no circumstances or conditions with respect to the Mortgage, the Mortgaged Property, the Mortgagor, or the Mortgagor's credit standing that can reasonably be expected to cause private institutional investors to regard the Mortgage Loan as an unacceptable investment, cause the Mortgage Loan to become delinquent, or adversely affect the value or marketability of the Mortgage Loan. Each Mortgage Loan is of investment quality and able to be included in a securitized pool of mortgage loans. If Seller attempted to sell any Mortgage Loan to another entity prior to selling it to Purchaser, Seller has notified Purchaser in writing and provided Purchaser with any and all reasons why the other Person did not purchase the Mortgage Loan.

3.2.26 Delivery of Mortgage Documents

Any document or information required to be delivered by Seller to Purchaser under the Agreement or the Seller Guide has been delivered to Purchaser or its designee. To the extent any such document is required to be delivered after the Purchase Date, such document will be delivered as required by the Seller Guide. Seller is in possession of a complete, true, and accurate Mortgage File, except for such documents, the originals of which have been delivered to Purchaser.

3.2.27 Condominiums and Planned Unit Developments (PUDs)

If the Mortgaged Property is a condominium or PUD (other than a de minimus planned unit development), such condominium or PUD project meets all applicable Agency eligibility requirements,

except as allowed under the Seller Guide for the LoanStream Non-QM program as non-warrantable, or is located in a condominium or PUD project that has received all applicable project approvals, and the representations and warranties required by the Agencies, as applicable, with respect to such condominium or PUD have been made and remain true and correct in all respects.

3.2.28 Due on Sale

Each Mortgage contains an enforceable provision for the acceleration of the payment of the unpaid principal balance of the Mortgage Loan in the event the Mortgaged Property is sold or transferred without the prior written consent of the Mortgagee thereunder.

3.2.28.1 Costs

All costs and expenses incurred by Seller in connection with or related to setup, transfer, and/or delivery of any Mortgage Loan submitted to Purchaser for purchase, regardless of whether the Mortgage Loan is ultimately purchased by Purchaser, including but not limited to loan sale fees, servicing fees, any fees due to MERS, fees for title policy endorsements and continuations, fees for tax contracts of flood insurance contracts and the transfer thereof to any servicer, and Seller's attorney's fees shall be paid by Seller.

3.2.29 Transfer of Mortgage Loans

Each original Mortgage was recorded and, except for those Mortgage Loans subject to the MERS® System, all subsequent assignments of the original Mortgage (other than the assignment to LoanStream) have been recorded in the appropriate jurisdictions wherein such recordation is necessary to perfect the lien thereof as against creditors of Seller or is in the process of being recorded. If the Mortgage is not subject to the MERS® System, the Assignment of Mortgage is in recordable form (other than that name of assignee, if blank) and is acceptable for recording under the laws of the jurisdiction in which the Mortgaged Property is located.

3.2.30 No Graduated Payment or Contingent Interest

Each Mortgage Loan does not contain provisions pursuant to which monthly payments are paid or partially paid with funds deposited in any separate account established by Seller, the Mortgagor, or anyone on behalf of the Mortgagor or paid by any source other than the Mortgagor. The Mortgage Loan is not a graduated-payment mortgage, simple interest or negative amortization. The Mortgage Loan does not have a shared appreciation or other contingent interest features. No Mortgage Loan is a balloon mortgage loan or Reverse Mortgage Loan.

3.2.31 Consolidation of Future Advances

Any future advances made prior to the related Closing Date have been consolidated with the outstanding principal amount secured by the Mortgage, and the secured principal amount, as consolidated, bears a single interest rate and single repayment term. The lien of the Mortgage securing the consolidated principal amount is expressly insured as having first lien priority by a title insurance policy, an endorsement to the policy insuring the mortgagee's consolidated interest, or by other title evidence acceptable to the Agencies, as applicable. The consolidated principal amount does not exceed the original principal amount of the Mortgage Loan.

3.2.32 Mortgaged Property Undamaged

For each Mortgage Loan, there is no proceeding pending or, to Seller's knowledge, threatened for the total or partial condemnation of the Mortgaged Property. The Mortgaged Property is undamaged by waste, fire, earthquake, earth movement, windstorm, flood, tornado, or other casualty so as to adversely affect the Mortgaged Property's value as security for the Mortgage Loan for the use for which the premises were intended. There are no condemnation proceedings by any federal, state, or local authority pending or threatened against the Mortgaged Property.

3.2.33 Collection Practices and Escrow Deposits

The origination and collection practices used with respect to the Mortgage Loan have been in accordance with Accepted Servicing Practices, in all respects in compliance with all applicable laws and regulations, and in all material respects proper and prudent in the mortgage origination and servicing business. With respect to escrow deposits and Escrow Payments, all such payments are in the possession of Seller, and there exist no deficiencies in connection therewith for which customary arrangements for repayment thereof have not been made. All Escrow Payments have been collected in full compliance with state and federal law. An escrow of funds is not prohibited by applicable law and has been established in an amount sufficient to pay for every item that remains unpaid, and which has been assessed but is not yet due and payable. No escrow deposits or Escrow Payments, or other charges or payments due Seller have been capitalized under the Mortgage or the Mortgage Note. All Mortgage Interest Rate adjustments have been made in strict compliance with state and federal law and the terms of the related Mortgage Note. Any interest required to be paid pursuant to state and local law has been properly paid and credited. The Mortgage Loan is not subject to outstanding escrow holdbacks.

3.2.34 Appraisal

If required by the applicable Product Guides, the Mortgage Loan file includes an appraisal or property valuation relating to the Mortgaged Property, in a form acceptable to the Agencies. Any appraisal or property valuation prepared for a Mortgaged Property (i) meets the requirements of FIRREA, provides an accurate estimate of the genuine market value of the Mortgaged Property at the time of origination, and, when an appraisal is required, was conducted by a Qualified Appraiser, (ii) fully complies with all applicable appraiser independence requirements, restrictions and guidelines including those in the Appraiser Independence Requirements adopted by Fannie Mae or Freddie Mac and the Appraisal Independence Requirements outlined in Title XIV, Subtitle F, Section 1472 of the Dodd-Frank Wall Street Reform and Consumer Protection Act, Pub. L. No. 111-203 (adding Section 129E to the Truth in Lending Act 15 U.S.C. 1631 et seq.) and any regulations promulgated pursuant thereto, and (iii) adheres to the applicable requirements, restrictions, and guidelines specified in the Agreement.

3.2.35 Construction Defects

Any home or improvement included as part of the Mortgaged Property was constructed in a workmanlike manner, accepted by the Mortgagor in good and habitable condition, and complies all applicable warranties, representations, legal obligations, and local, state, and federal codes and related to its condition, construction, and location.

3.2.37 Environmental Matters

The Mortgage Loan meets the applicable Agency requirements for properties affected by environmental hazards. Except as otherwise stated in the applicable Product Guides, Non-Conforming loan transactions meet the Fannie Mae standards.

Each Mortgaged Property is free from any and all toxic or hazardous substances, and there exists no violation of any local, state, or federal environmental law, rule, or regulation. There is no pending action or proceeding directly involving any Mortgaged Property of which Seller is aware in which compliance with any environmental law, rule, or regulation is an issue, and nothing further remains to be done to satisfy in full all requirements of each such law, rule, or regulation constituting a prerequisite to the use and enjoyment of said property.

3.2.38 No Denial of Insurance

Seller has caused or will cause to be performed any and all acts required to preserve the rights and remedies of Purchaser in any insurance policies applicable to the Mortgage Loans including, without limitation, any necessary notifications of insurers, assignments of policies or interests therein, and establishments of coinsured, joint loss payee and mortgagee rights in favor of Purchaser. No action, inaction, or event has occurred, and no state of fact exists or has existed that has resulted or will result in the exclusion from, denial of, or defense to cover under any applicable pool insurance policy, special hazard insurance policy, mortgage insurance certificate, bankruptcy bond, irrespective of cause of such failure of coverage. In connection with the placement of any such insurance, no commission, fee, or other compensation has been or will be received by Seller or any designee of Seller or any corporation in which Seller or any officer, director, or employee had a financial interest at the time of placement of such insurance.

3.2.39 Points and Fees: Mortgagor Acknowledgment

All points, fees, and charges (including finance charges), whether or not financed, assessed, collected, or to be collected in connection with the origination and servicing of each Mortgage Loan, complied with all applicable guidelines and have been disclosed in writing to the Mortgagor in accordance with applicable state and federal law and regulation.

On all loans covered under the Ability-to-Repay Standards, the Mortgagor was not charged “points and fees” (whether or not financed) in an amount greater than (i) \$1,000, or (ii) 5% of the principal amount of the Mortgage Loan, whichever is greater, as calculated per the provisions of 12CFR 1026.32(b)(1), For Qualified Mortgage (QM), points and fees are capped at 3% of the loan amount (with adjustments for smaller loans) updated on an annual basis.

No Mortgagor was required to purchase any single premium credit insurance policy (e.g., life, disability, accident, unemployment, or health insurance product) or debt cancellation agreement as a condition of obtaining the extension of credit. No Mortgagor obtained a prepaid single premium credit

insurance policy in connection with origination of the Mortgage Loan. No proceeds from any Mortgage Loan were used to purchase single premium credit insurance policies or debt cancellation agreements as part of the origination of, or as a condition to closing, such Mortgage Loan. No Mortgagor has a debt cancellation agreement with respect to the related Mortgage Loan.

3.2.41 MERS

Seller is approved MERS® member in good standing and will comply in all material respects with MERS® rules and procedures in connection with origination, transfer, and servicing of any MERS Mortgage Loans for as long as such Mortgage Loans are registered with MERS®.

With respect to each MERS® Designated Mortgage Loan, Seller has not received any notice of liens or legal actions with respect to such Mortgage Loan and no such notices have been electronically posted by MERS®. With respect to each MERS® Designated Mortgage Loan, a MIN has been assigned by MERS® and such MIN has been accurately provided to LoanStream in the Mortgage Loan File. The related assignment of Mortgage to MERS® has been duly and properly recorded. With respect to each MERS® Designated Mortgage Loan, Seller has or will within the timeline required in the Agreement, designated LoanStream as the MERS® Investor and no Person is listed as interim funder on the MERS® System.

3.2.42 Predatory Lending Regulations: High-Cost Loans

The Mortgage Loan is not categorized as a High Cost Mortgage Loan. The Mortgage Loan does not have an “annual percentage rate” or total “points and fees” payable by the related Mortgagor (as each such term is calculated under HOEPA) that equal or exceed the thresholds set forth by HOEPA and its regulations, including 12 C.F.R. § 226.32(a)(1)(i). No predatory or deceptive lending practices were exercised in the origination of the Mortgage Loan. The Mortgage Loan has passed the High Cost Mortgage Test, whether or not they are covered by high cost mortgage regulation, HOEPA (Section 226.32 of Regulation Z), or any state or local high cost, covered or predatory lending law or ordinance. The Mortgage Loan is in compliance with the anti-predatory lending eligibility for purchase requirements in the Agency Guides.

3.2.43 Origination

No error, omission, misrepresentation, negligence, fraud, or similar occurrence with respect to a Mortgage Loan has taken place on the part of any person including, without limitation, the Mortgagor, Mortgage Loan Originator, appraiser, builder, developer, or any other party involved in the origination of the Mortgage Loan or in the application of any insurance in relation to such Mortgage Loan.

The documents, instruments and agreements submitted for loan underwriting were not falsified and contain no untrue statement of material fact. They do not omit any material fact required to be stated or necessary to make the information and statements not misleading. Seller has reviewed all the documents constituting the Mortgage Loan and has made necessary inquiries to confirm the accuracy of the representations set forth herein.

The Mortgage Loan was originated by a Mortgagee approved by the Secretary of Housing and Urban Development pursuant to Sections 203 and 211 of the National Housing Act, a savings and loan association, a savings bank, a commercial bank, credit union or other entity which is supervised and examined by a federal or state authority. Seller and all other parties which have had any interest in the Mortgage Loan on or before the Purchase Date, whether as mortgagee, assignee, pledgee or otherwise, are (and, during the period in which they held and disposed of such interest, were) in

Seller has complied with all applicable anti-money laundering laws and regulations, including without limitation the USA Patriot Act of 2001 (collectively, the Anti-Money Laundering Laws), Seller has established an anti-money laundering compliance program as required by the Anti-Money Laundering Laws and the regulations promulgated by the Office of Foreign Assets Control (OFAC) of the United States Department of Treasury, has conducted the requisite due diligence in connection with the origination of each Mortgage Loan for purposes of the Anti-Money Laundering Laws that also requires regular checks of the Specially Designated Nationals (SDN) list issued by OFAC, including with respect to the legitimacy of the applicable Mortgagor and the origin of assets used by said Mortgagor to purchase the property in question, and maintains, and will maintain, sufficient information to identify the applicable Mortgagor for purposes of the Anti-Money Laundering Laws.

3.2.45 Underwriting Methodology

The methodology used in underwriting the extension of credit for each Mortgage Loan employs objective mathematical principles that relate to Mortgagor’s income, assets, and liabilities to the proposed payment, and such underwriting methodology does not rely on the extent of the Mortgagor’s equity in the collateral as the principal determining factor in approving such credit extension. Such underwriting methodology confirmed that at the time of origination (application/approval), the Mortgagor had a reasonable ability to make timely payments on the Mortgage Loan.

3.2.45.1 Desktop Originator® Sponsorship

If LoanStream agrees to purchase a Loan from Seller where the observations section of the DU Underwriting Findings shows a lender other than LoanStream as the submitting entity the Seller agrees, represents, and warrants that as of the Purchase Date the latest available DU Underwriting Findings report for the Loan has been delivered to LoanStream as part of the purchased Mortgage Loan file. Seller also confirms that the data in the DU casefile is true, correct, and consistent with the latest DU Underwriting Findings report that was delivered.

Additionally, Seller agrees that if Seller, its non-LoanStream Sponsoring Lender or others change, modify or delete the DU casefile on or after the Purchase Date, Seller will, at LoanStream’s sole option repurchase the Loan and/or provide LoanStream with an indemnification against any losses and/or the impairment of its rights in relation to third parties or the salability of the Loan, under the terms of the Guide.

3.2.46 Higher Cost Products

No Mortgagor was encouraged or required to select a Mortgage Loan product offered by the Mortgage Loan’s originator, which is a higher cost product designed for less creditworthy borrowers unless at the time of the Mortgage Loan’s origination, such Mortgagor did not qualify taking into account credit history and debt-to-income ratios for a lower cost credit product then offered by the Mortgage Loan’s originator or any affiliate of the Mortgage Loan’s originator. If at the time of loan application, the Mortgagor may have qualified for a lower-cost credit product than offered by any mortgage lending affiliate of the Mortgage Loan’s originator, the Mortgage Loan’s originator referred the Mortgagor’s application to such affiliate for underwriting consideration.

3.2.47 Arbitration

None of the Mortgage Loan Documents or other documents evidencing or securing the Mortgage Loan provide for or contain an arbitration clause of any kind or require any other non-judicial procedure to resolve any controversy or settle any claims arising out of the Mortgage Loan.

Furthermore, all documents bearing Electronic Signatures are legally valid, binding, and enforceable in accordance with their terms against the Mortgagor or any other signatory. Such documents are fully transferable or assignable without requiring additional documentation and may be enforced by any third party to whom they are transferred or assigned. These documents and records are properly executed and, where required, attested to in full compliance with all Applicable Laws and regulations—including those imposed by any relevant Agency or private investor—and meet all industry-accepted standards for electronically executed documents in accordance with Agency or private investor requirements.

Seller's repurchase obligations hereunder include the purchase of the Mortgaged Property from Purchaser at the applicable Repurchase Price (if Purchaser has acquired the Mortgaged Property) or, if a third party has acquired the Mortgaged Property, paying Purchaser the applicable Repurchase Price. For any Mortgage Loan underwritten by Purchaser, notwithstanding the above, if the information Seller provided to Purchaser, which Purchaser relied upon to underwrite the Mortgage Loan, was true, accurate, and complete in material respects, this Subsection shall not apply to a Mortgagor’s assertion that Seller or Purchaser failed to determine the Mortgagor’s Ability to Repay the loan as required under regulation 12 CFR Part 1026.43 (c) and (e). - Insurance Premium FHA, VA, or USDA: The upfront mortgage insurance premium or guaranty fee was not paid prior to Mortgage Loan Purchase.
- Insurance Premium Fannie Mae, Freddie Mac, or Alt Agency: The Seller did not collect and pay private mortgage insurance premiums due as required per the terms of the Mortgage Insurance Certificate (MIC), or within 30 days after the Purchase Date, whichever is sooner.
- Insurance Rescission, Cancellation, or Denial: The Mortgage Insurer cancels coverage and/or denies a claim under such coverage, or a guarantor cancels or rescinds its guaranty due to fraud, misrepresentation or omission of a material fact or for any other reason related to the eligibility of the Mortgage Loan for Mortgage Insurance or guaranty.
- Indemnification Requirement by Insurer or Guarantor: The Mortgage Insurer or guarantor requires that Seller or LoanStream indemnify it against loss due to origination or underwriting-related defects or issues, or any defects or issues other than those occurring after the servicing transfer date and the responsibility of LoanStream, its agents or assigns.

4.9 Indemnification in Lieu of Repurchase

At the sole discretion of LoanStream, the remedy of indemnification against loss may apply to a Mortgage Loan that is otherwise subject to a repurchase remedy upon the occurrence of a repurchase event of Default per the terms of the agreement. The terms and conditions of the indemnification may vary with circumstances relevant to each Mortgage Loan but will include a return to LoanStream by Seller of the amount of the purchase price that exceeds par, which includes without limitation any SRP and pricing premium paid to the Seller. Par is 100% of the unpaid principal balance.

In addition, the indemnification may require payment of the estimated loss LoanStream reasonably believes it may incur or actual loss it has incurred as a result of the event of default that gave rise to the Indemnification remedy, including without limitation any marketing loss upon sale of an impaired Mortgage Loan at a reduced market price, loss due to indemnification, repurchase or make-whole required of LoanStream by its insurers or investors, loss upon liquidation of the property securing the Mortgage Loan, and reasonable attorney's fees.

4.9.1 Real Estate Owned ("REO") Indemnification or "Make-Whole"

For any Mortgage Loan subject to a default remedy, if LoanStream (or its agent, Control Affiliate, or any subsequent owner or their agent or Control Affiliate) acquires title to the related Mortgaged Property—whether through foreclosure, deed-in-lieu, abandonment, or recovery from bankruptcy—the Seller shall, upon request and at LoanStream's option:

- Repurchase the Mortgaged Property from LoanStream at a price equal to the repurchase price; or
- If the property has already been sold or otherwise disposed of, indemnify LoanStream and hold it harmless against any resulting loss, including but not limited to any portion of the Purchase Price paid above par (such as the SRP and pricing premium paid to the Seller).

4.9.2 Third-Party Claim

Seller shall immediately notify Purchaser if a claim is made by a third party with respect to the Mortgage Loans or the Agreement. Purchaser shall control the defense of any such claim, and Seller shall pay all expenses in connection therewith, including counsel fees, costs, and expenses, and promptly pay, discharge, and satisfy any judgment or decree that may be entered against it or Purchaser in respect of such claim.

In addition to Seller obligations set forth in this section, Purchaser may pursue any and all remedies otherwise available under the Agreement, at law, or in equity, including but not limited to the right to seek damages and the right to demand repurchase under the Agreement. Seller indemnification obligation set forth herein shall survive termination of the Agreement notwithstanding any applicable statute of limitations, which Seller hereby expressly waives.

Notwithstanding anything in the Agreement to the contrary, neither party shall be liable to the other for any punitive damages.

4.9.3 Failure to Perform Remedies and Related Obligations

In the event that Seller fails to timely make payments required or timely perform other actions required under this *Early Payment Default* section of the Guide, LoanStream may at its sole discretion invoke other remedies described in the MLPA or available at law or in equity, including without limitation its right of offset in the form of net funding the amount due from future purchases or otherwise retaining amounts due Seller.

4.9.4 Prohibited Activities

From and after the Purchase Date, Seller agrees that it will not take any action or permit or cause any action to be taken by any of its agents or Control Affiliates, or by any independent contractors or independent mortgage brokerage companies on Seller's behalf, to personally, by telephone, mail or electronic mail or otherwise, solicit the Mortgagor under any Mortgage Loan for the purpose of refinancing such Mortgage Loan.

5. PROTECTION OF CONFIDENTIAL INFORMATION

"Confidential Information" means any nonpublic information disclosed by either party to the other, whether prior to or after signing the Agreement, directly or indirectly, in writing, orally, or by inspection of tangible objects.

5.1 Exclusions

Confidential Information does not include any information that (i) is publicly known prior to the time of disclosure to the receiving party, (ii) becomes publicly known after disclosure to the receiving party through no action or inaction of the receiving party or its attorneys, accountants, agents, officers, directors, consultants, and employees (collectively "Representatives"), (iii) is already in possession of the receiving party without restriction on use or disclosure at the time of disclosure by the disclosing party, (iv) becomes available to the receiving party without restriction on use or disclosure from a third party without a breach of such third party's obligations of confidentiality, or (v) is independently developed by the receiving party without use of or reference to the disclosing party's Confidential Information.

5.2 Holding Confidential Information in Strict Confidence

Each party agrees to (i) hold the other party's Confidential Information in strict confidence and to take reasonable precautions to protect such Confidential Information (which precautions shall be no less than those employed to preserve the secrecy of its own confidential materials), (ii) comply with all applicable federal and state laws regarding privacy and confidentiality of nonpublic customer or consumer information, including but not limited to the adherence to the Gramm-Leach-Bliley Act and its implementing regulations, (iii) not make any use of or act on the other party's Confidential Information whatsoever at any time, except to fulfill its obligations under the Agreement, (iv) not reverse engineer or disassemble any products, technology, or tangible objects that utilize such Confidential Information, and (v) not disclose any such Confidential Information or any information derived therefrom to any third party or contact any third party regarding the Confidential Information or information derived therefrom, except to enforce provisions herein or to those of the receiving party's Representatives who have a legitimate "need to know" and are bound in writing to restrictions substantially similar to those herein.

The receiving party shall promptly notify the disclosing party upon discovery of any unauthorized use or disclosure of Confidential Information or any other breach of the Agreement and will cooperate with the disclosing party in every reasonable way to help regain possession of such Confidential Information and prevent its future unauthorized use. The receiving party shall be responsible for any breach of the Agreement by its Representatives as if such Representatives were a party hereto.

5.3 As Pertains to Seller Approval and Purchase of Mortgage Loans

Seller authorizes Purchaser—in connection with any sale of any Mortgage Loan from Seller to Purchaser, Seller's request to become an approved seller of Mortgage Loans to Purchaser or Purchaser's recertification of Seller as an approved seller of Mortgage Loans to Purchaser—to (i) verify any information Seller provides to Purchaser, whether pertaining to any Mortgage Loan, Seller, or any officer, director, or employee of Seller and (ii) obtain business credit and reference reports and any other information that is of concern to Purchaser. Seller agrees that such reports, information, and verifications may be disclosed to potential purchasers of the Mortgage Loans from Purchaser; however, Purchaser shall not use such reports, information, or verifications for any consumer credit purpose.

6. RATE LOCK REQUIREMENTS

LoanStream has developed the following rate lock requirements and policies to minimize LoanStream's interest rate exposure for loans we purchase. The LoanStream Secondary Marketing Department will handle any circumstance not covered specifically in this document on a case-by-case basis.

6.1 Rate Locks

6.1.1 Pricing/Locks

Secondary Marketing is responsible for establishing pricing for loans purchased by LoanStream. The daily published rate sheets are only indications. Market conditions are volatile and may cause intraday rate/price changes. Pricing is subject to change without notice due to market conditions or technical issues. No promises or guarantees concerning pricing and rates shall be communicated to Seller prior to a Rate Lock Confirmation received from the Lock Desk or Secondary Marketing.

A lock is an agreement between Seller and Purchaser that stipulates the specific number of days LoanStream guarantees the rate/price. If interest rates rise during the stipulated lock period,

LoanStream is committed to honoring the original rate/price. Although a loan may be locked, there is no guarantee that the borrower will be qualified for the loan; that is, the loan is subject to LoanStream underwriting approval, where applicable, purchase review and other eligibility requirements not assessed at the time of lock.

6.1.2 Lock Option Best Efforts

A Best Effort Lock Commitment is a commitment whereby the Seller locks a single loan with a pledge of best efforts to sell that loan to Purchaser. The Best Effort Lock Commitment is a lock for a specific borrower, subject property, program, and price. Purchaser reserves the right to enforce a pair-off fee for Best Effort locks on loans that close, and for which Seller fails to deliver the loan to LoanStream.

The pair-off amount will be calculated by comparing the original Best Efforts locked price to current market on the same lock term as the original lock. Any positive market movement will be the pair-off figure to be billed to the Seller by LoanStream.

6.1.3 Lock and Registration Options

Sellers may lock loans online via LoanStream's Seller Connect Portal. When experiencing technical difficulties, please reach out to the lock desk at corrlocks@lsmortgage.com.

6.1.4 Lock Periods

Lock periods may vary by loan product and the stage the loan is in at the time of the lock. LoanStream lock periods begin the day a loan is locked. For example, a 15-day lock issued on August 1st will expire on August 15th. Generally, LoanStream offers the following lock periods.

- 15-day lock
- 30-day lock
- 45-day lock
- 60-day lock

6.1.5 Lock Activity, Times, and Cutoff

LoanStream Lock Desk hours are Monday through Friday, 8:00 AM to 6:00 PM PST. The Lock Desk adheres to LoanStream's posted holiday schedule. Pricing and lock capabilities are also available via LoanStream's Seller Connect Portal Monday through Friday, 8:00 AM to 8:59 PM PST.

6.2 Rate Lock Confirmation

6.2.1 Notice of Receipt

LoanStream Secondary Marketing will reply to a lock request once the lock is completed (or before completion in the event additional information is needed to complete the lock). Seller will receive confirmation when the lock is completed. Submission of a lock request does not guarantee the loan will be locked. When the lock is completed, Seller will receive a confirmation email. A copy of the lock confirmation will also be available on the LoanStream Seller portal.

6.2.2 Lock Expiration

The lock expiration date, as listed on the Rate Lock Confirmation, is the date LoanStream's commitment to honor a locked loan rate expires. It is also the date by which the Seller is to deliver the

loan for purchase. If Seller requires additional time for loan delivery and a lock extension was not requested prior to lock expiration, the loan is subject to late delivery fees. A lock expiring on a weekend or holiday is automatically extended to the next business day.

The late delivery fee is calculated as a 0.125 late delivery fee plus two basis points (0.02) per day the file is late up to five (5) business days. After five (5) business days, the lock is subject to re-lock and worst case pricing.

Example:

- Lock expiration date is September 20th
- Loan delivery date is September 22nd (2 days late)
- Late delivery fee is calculated as:
 - 0.125 late delivery penalty
 - 2 (days) x .02 = .04
 - 0.125 + .04 = 0.165 total late delivery charge

6.2.3 Lock Extension

It is Seller’s responsibility to monitor its locked loan pipeline and request extensions as needed. To avoid the added cost of a lock extension, all measures should be taken to close and deliver loans within the original lock period. When an extension is required, it must be requested before 5:00 PM PST on the lock expiration date; a lock extension is only available if the expiring lock is still active.

See rate sheet for current extension requirements and current per-day cost. Maximum lock extension is the more restrictive of 30 days or current rate sheet allowance.

6.2.4 Locked Loan File Delivery Policy

Files must be delivered electronically via LoanStream’s Seller Connect Portal. This is a secure website accessible only to LoanStream and its approved Sellers. Underwriting and purchasing conditions can also be viewed and uploaded via this secure portal.

Loans locked under **Best Efforts** must be received on or before 5:00 PM PST on the lock expiration date. After file review is completed, LoanStream will issue Purchase Conditions to notify the Seller of certain conditions that must be met, including but not limited to underwriting and purchasing conditions. This will include a “Conditions Cleared By Date” (the greater of seven (7) calendar days from the date of the disposition or the lock expiration date). If the “Conditions Cleared by Date” falls on a holiday or weekend, it will roll over to the next business day. If conditions are not cleared by this date, suspense fees may be charged to the Seller. All conditions must be cleared within 30 days of notification, or the file will be subject to return.

Suspense fees accrue at a rate of two basis points (0.02) per day, starting on day eight, if not cleared during the seven calendar day grace period. For example, if conditions are cleared on day nine in suspense, the Seller will be charged two days of suspense fees, nine.

The pricing provided on the lock confirmation may be subject to change. Changes, including but not limited to changes in loan characteristics, program eligibility, commitment terms and late fees will affect the final loan price. LoanStream reserves the right to modify and/or revise its lock confirmation should any of the information submitted in the final Closed Mortgage Loan differ from the information provided

at time of lock or if the delivered loan does not meet LoanStream guidelines. A lock confirmation does not constitute a loan decision/approval or a commitment to purchase a Loan.

6.2.5 Re-Lock Policy

A seller may re-lock loans that have not closed prior to the lock expiration date. The re-lock price will be determined based on the date of the re-lock in relation to the original lock expiration date, including any applicable lock extensions that occurred.

- Re-lock occurs ≤ 30 days after lock expiration:
 - Worse case pricing (WCP) of:
 - Original net price
 - Current market net price
 - New lock term may be selected by the Seller although it may not be greater than the original lock term
 - 25 basis points (0.25) relock fee will be applied

NOTE: In addition to the requirements above, Non-QM relocks will also incur all extension costs from the time of expiration until the re-lock day if requested 15 days or more past expiration. Standard re-lock policy is allowed only with loan resubmission under a new loan number.

- Re-lock occurs > 30 days after lock expiration
 - New lock at current market net price

NOTE: In addition to the requirements above, Non-QM re-locks will also incur all extension costs from the time of expiration until the re-lock day. Standard re-lock policy is allowed only with loan resubmission under a new loan number.

LoanStream will allow up to two re-locks for no greater than a total of 60 days, never to exceed the original lock term.

6.3 Locked Loan Data Change Request

6.3.1 Delegated

Change requests are required by contacting the lock desk at corrlocks@lsmortgage.com

6.3.2 Non-Delegated

Requirements for changing a locked rate on a non-delegated, underwritten loan:

- Loans not yet delivered can be changed by the Seller
- Loans delivered but not yet decisioned by LoanStream Underwriting can be changed by the Seller
- Loans delivered for which an initial underwriting decision has been issued must be changed by the LoanStream Underwriter
 - Seller must submit applicable documentation that reflects the change (1003, 1008, AUS, Credit Report, etc.) to the LoanStream Underwriter when requesting a change

NOTE: Loans submitted to LoanStream with delegated underwriting (underwritten by Seller) are not subject to this policy. Changes to a locked delegated underwriting loan can be made at any time at the Seller's discretion.

6.4 Loan Program Change

Loan program changes may require a re-lock with LoanStream Secondary Marketing. Email all changes to the LoanStream Lock Desk (corrlocks@ismortgage.com) with subject line: Loan Program Change Request for Borrower Last Name – Last 6 digits of Loan Number

Example: Loan Program Change Request for Brown – #456789

6.4.1 Change in Amortization Type

If the program change includes Fixed to ARM, or vice versa, or amortization term changes, Worse Case pricing for the date of the original commitment or the date of the change will apply.

6.4.2 Property Change

Rate locks are tied to the property. If the property changes, a new rate lock is required at current available pricing.

6.4.3 Borrower Change

A change of borrower is acceptable as long as one of the original borrowers remains the same.

6.5 Market Improvement Renegotiation

An improving market may create circumstances where borrowers request a better rate/price than was originally locked. Renegotiations to prevent loan fallout are considered on a case-by-case basis.

6.5.1 Renegotiation Criteria

Renegotiation requests are reviewed on a case-by-case basis if the current market base price at the locked rate has moved by 100 basis points or more. Renegotiation must be initiated by the Seller by emailing the lock desk at corrlocks@ismortgage.com. The renegotiation price is determined as follows:

- Difference between original net price and current net price of $-.500$
- New lock term on current market must be no less than original lock term
- Must lower the locked rate by at least 0.125%
- Seller pricing can be worsened by the renegotiation but cannot be improved
- LoanStream allows for a one-time renegotiation on a lock. Any additional renegotiations require LoanStream approval.

6.6 Mandatory Commitments

LoanStream offers a mandatory commitment option to approved Sellers. Mandatory commitments are done through a specified loan bidding process, commonly referred to as a “bid tape.” Consult your LoanStream Correspondent sales team for approval requirements.

6.6.1 Hours of Operation

LoanStream mandatory commitment hours follow standard U.S. securities trading market hours. LoanStream follows the Securities Industry and Financial Markets Association ([SIFMA Holiday Schedule](#)), which is subject to change.

All bid tapes must be submitted to mandatory@lsmortgage.com. All bid tapes must be received no later than 12:00 PM PST to ensure sufficient time for return bids and applicable commitments. LoanStream cannot assure a same day bid for bid tapes submitted after this designated time.

6.6.2 Eligibility Requirements

All Correspondent Sellers must be approved to lock and deliver through mandatory commitments.

Minimum Eligibility Requirements:

- Seller must be approved for delegated underwriting on programs for which they will have mandatory commitments
- Seller must maintain a minimum company net worth of \$1,500,000
- Seller must demonstrate experience with mandatory commitments and/or actively working with a vendor with mandatory experience

Please consult your Correspondent sales team for further direction on mandatory approvals.

6.6.3 Eligible Products

The following programs are eligible for mandatory commitments:

- **Conforming:** FNMA and FHLMC eligible fixed rate and adjustable rate products, as applicable, including high-balance eligible loans
- **Government:** FHA, VA, and USDA eligible fixed rate and adjustable rate products, as applicable, including high-balance eligible loans
- **Non-Conforming:** Jumbo, Non-QM and Closed End Second eligible fixed rate, interest only, and adjustable rate products, as applicable
- **Underwriting Options Permitted:**

 - Non-Delegated

6.6.4 Required Bid Tape Components

LoanStream requires minimum loan details on bid tapes to ensure an accurate price. Please reach out to Sales or mandatory@lsmortgage.com for the required minimum data tape template.

NOTE: LoanStream's mandatory bid is in no way an approval of loan eligibility. All loans committed to LoanStream are subject to the Seller Guide. Any loans that do not meet underwriting guidelines and all terms of the Seller Guide will either be suspended or rejected for loan purchase.

6.6.5 Pricing and Delivery

Pricing of loans on a bid tape is based on live market conditions and an estimated delivery date of the loans as provided by the Seller. Sellers will receive their mandatory commitment from LoanStream by the end of the business day the loans were committed.

The LoanStream commitment confirmation will detail the following components:

- Mandatory Commitment Date
- Seller Loan Number
- LoanStream Loan Number
- All-in Price
- Commitment Expiration Date

Loans delivered under mandatory commitments must be received by LoanStream no later than 5:00 PM PST on the commitment expiration date. Loans delivered after the commitment expiration date are subject to a late delivery charge of 12.5 basis points (.125%) plus two basis points (.02) per day the file is delivered late. Delivering loans prior to the commitment expiration date will have no impact on the price.

Loans delivered but suspended for loan purchase will be given seven (7) calendar days from the date of the suspense notification to submit documentation to clear conditions. On day eight, the Correspondent will begin incurring suspense penalties at a rate of two basis points (.02) per day commencing on day eight (8). All conditions must be cleared within 30 days of notification or the file will be subject to return and pair out.

6.6.6 Pair Outs, Tolerance, Rolls, and Substitutions

Pair Outs

For mandatory commitments, Seller is required to fill said commitments with loans eligible for purchase. Commitments not fulfilled by Seller are subject to a pair-out fee. Pair out fees, when applicable, are calculated based on market movement between the original commitment and current market.

Tolerance

LoanStream will allow for a two percent (2%) tolerance above or below the original mandatory commitment. Delivery of more than 2% under the commitment amount will be subject to a pair out fee. Delivery of more than 2% above the commitment amount will be subject to current market pricing.

Rolls

For commitments not ready for delivery by the commitment expiration date, Correspondent may request a roll on the commitment. Roll requests must be initiated by the Seller via email (mandatory@lsmortgage.com). The roll charge, when applicable, is determined by market movement. LoanStream reserves the right to deny any roll request at their sole discretion.

Substitutions

If a loan substitution is needed, the Seller is responsible for initiating a request for the substitution with the LoanStream mandatory desk via email (mandatory@lsmortgage.com). Loan substitutions must be the same product and must be able to slot into the same security coupon with similar loan characteristics. All substitutions require LoanStream approval.

7. CLOSING AND PURCHASE REVIEW

7.1 Closed Loan Submission

All mortgage loans submitted by Seller must meet LoanStream eligibility requirements, as set forth in the Mortgage Loan Purchase Agreement (MLPA), Seller Guide, Underwriting Guidelines, Program Overlays, and other related documents. In addition, all loans submitted must comply with all federal, state, and local laws and regulations.

Seller must submit complete and accurate closed mortgage loan files only, on or before the lock expiration date (all loans must be locked prior to purchase). All loans will be audited for completeness and quality prior to purchase.

7.3.2 General Inspection Requirements

Only appraisals from certified residential or general appraisers are accepted (trainees are not acceptable).

Appraisal alternative eligibility:

Appraisal Alternative Type	Delegated	Non-Delegated
1. Fannie Mae 1004D Alternatives	No	No

Seller is required to upload appraisals for all Conventional Fannie Mae/Freddie Mac loans to the Uniform Collateral Data Portal (UCDP) along with the meeting the following requirements:

- Seller must receive a “Successful” status on both Fannie Mae and Freddie Mac Submission Summary Reports (SSRs) prior to submission of the loan to LoanStream for purchase. Any fatal or hard-stop messages on the SSR must be cleared by the Seller prior to purchase.
- The Fannie Mae SSR must include a Collateral Underwriter (CU) score
- Both Fannie Mae and Freddie SSRs are to be included in the closed mortgage loan file
- If the SSR indicates that the work of the appraiser (or supervisory appraiser) is not eligible for sale to Fannie Mae, or is subject to 100% review, then the loan is not eligible for purchase
- For all FHA loans LoanStream requires for all Mortgage Loans with appraisal, the appraisal must have been submitted to the FHA Electronic Appraisal Delivery (EAD) portal.
- **Non-Delegated:** Seller must add LoanStream as a Lender Seller/Aggregator User (or Lender Corr Agg User) in the UCDP, which permits sharing of appraisal data with LoanStream (see the ***Fannie Mae/Freddie Mac UCDP Appraisal Sharing User Guide*** for more information)

7.3.5 Transfer Appraisals for Conventional, USDA, Jumbo, Non-QM and Closed End Second Loans

LoanStream Mortgage allows transferred appraisals on Conventional, USDA, Jumbo, and Non-QM loans when the following requirements are met:

- Appraisal was ordered through an AIR-compliant AMC; and
- Appraisal Transfer Letter is provided that includes, at a minimum, the following:
 - Clearly identify the subject loan transaction (i.e. property address, borrower names, etc.).
 - Clearly identify the original institution that ordered the appraisal.
 - Clearly identify the lender the appraisal is being transferred to.
 - Certification from the original institution transferring the appraisal that the appraisal was ordered/prepared in accordance with and is fully compliant with Appraisal Independence Requirements (AIR), Truth-in-Lending Act (TILA), and all applicable laws and regulations.

LoanStream has discretion to reject any transferred appraisal for any reason at any time regardless of whether the appraisal complies with the foregoing requirements.

FHA and VA loans must follow respective guidelines for transferred appraisals.

7.4 Home Mortgage Disclosure Act (HMDA)

The Home Mortgage Disclosure Act, Regulation C, requires a Type of Purchaser Code to be identified on any Originated or Purchased loan. LoanStream’s Type of Purchaser Code is 71 (credit union, mortgage company, or finance company).

Seller must provide the HMDA Universal Loan Identifier (ULI) and Legal Entity Identifier (LEI) for each loan at the time of submission and include the Uniform Residential Loan Application (URLA/1003) *Demographic Information Addendum* for each.

7.4.1 ECOA Valuation Rule

The ECOA Valuation Rule applies for any application for credit secured by a first lien on a dwelling. This includes individual condominiums or cooperative units, mobile homes, and other manufactured homes.

“Business credit,” including investment properties, are subject to the requirements of the ECOA Valuation Rule, as there is no exemption for non-owner-occupied Mortgage Loans.

To comply with the ECOA Valuation Rule, the Closed Loan file must include documentation demonstrating:

- The lender notified the applicant, within three business days of receiving the credit application, of their right to receive copies of appraisals.
- The lender provided copies of all appraisals and other written valuations to at least one applicant promptly upon completion and no later than three business days before loan consummation.
- If the applicant waived the right to receive copies in advance of closing, the lender still delivered the materials at or before consummation.
 - Note: For non-QM Mortgage Loans subject to the TILA HPML Appraisal Rule, LoanStream’s policy does not permit the borrower to waive the three-day advance delivery requirement, even though such a waiver is permitted under ECOA.

Sellers may not charge applicants for copies of appraisals or other written valuations. However, a reasonable fee may be charged to recover the cost of preparing these documents—unless prohibited or restricted by Applicable Law. Lenders must not add markups or additional charges beyond the actual cost of preparation.

7.5 Closing Documents

All Seller closing documents must meet requirements set forth in Fannie Mae, Freddie Mac, FHA, and VA guidelines, as applicable or as otherwise specified by LoanStream.

7.5.1 Signature Requirements

Each signature must exactly match the name as it appears below the signature line. Borrowers must not *undersign* documents—for example, by omitting a middle initial when one is typed beneath the signature line. However, it is acceptable for Borrowers to *over-sign*, such as including a middle initial even if one is not shown beneath the signature line.

Stamped signature dates on closing documents are permitted, provided they align with hand-signed and dated documents and match the date on the Notary’s acknowledgment. If there is any uncertainty regarding a stamped date, it is the Seller’s responsibility to provide supporting evidence that the Borrower(s) executed the documents on that date. Failure to do so may result in the loan being subject to repurchase.

Mortgage loans containing closing documents signed *prior to* the document date are ineligible for purchase.

If document corrections are necessary, strikethroughs can be initiated by LoanStream and or the borrower. Strike-through are to be initialed by each Borrower - Such corrections must not interfere with the recordability of the Mortgage or Deed of Trust. The use of corrective materials like white-out is strictly prohibited. Any strikethroughs will require review and approval by LoanStream.

7.5.2 Prepaid Interest

Prepaid interest may not be charged to the borrower prior to the funding date. Interest must be collected from the date of the disbursement (unless otherwise restricted), including the day of disbursement, through the last day of the month. State specific disbursement regulations may apply. Sellers are responsible for ensuring compliance with all applicable laws.

- Per Diem Interest calculations are based on: where is this captured
 - 365 days/year for FHA and VA products
 - 360 days/year for all other products, although loans closed using 360 days/year or 365 days/year are allowed

LOAN TYPE	DAYS INTO THE MONTH ALLOWED
Fannie/Freddie, Jumbo, Non-QM, Closed End Seconds	7 Calendar Days
FHA/VA Standard	4 Calendar Days

7.5.4 Power of Attorney (POA)

Their authority granted can be narrow or broad, but should be specific, depending on the terms that are outlined in the document.

A power of attorney may go into effect immediately or at a designated future time, and it is commonly used to ensure that decisions can be made on behalf of the principal if they become incapacitated.

Loans closing with a POA are acceptable.

LoanStream will permit the use of a person acting as Attorney-in-Fact pursuant to authority granted by a borrower under a Power of Attorney (POA). The person acting as Attorney-in-Fact should have a familial, personal or fiduciary relationship with the borrower.

8.6 Amortization

For servicing-released Mortgage Loans purchased between the 1st and 13th calendar day of any given month, such Loans shall not be amortized. Accordingly, the effective servicing transfer date—i.e., the date on which payment is due to LoanStream—shall be the first calendar day of the month immediately following the month of purchase.

For servicing-released Mortgage Loans purchased on or after the 14th calendar day of any month, such Loans shall be deemed 'amortized.' In such cases, servicing shall not transfer to LoanStream with the next scheduled payment, and the Seller shall remain responsible for collecting that payment. Settlement of the Loan purchase shall reflect this obligation.

For Loans purchased on the first calendar day of any month, LoanStream shall net-fund any mortgage insurance premiums or the monthly portion of the USDA Guaranteed Annual Fee associated with the Mortgage Loan payment due for that month.

Seller is responsible for any escrowed tax disbursements due within forty-five (45) days of LoanStream’s purchase of the mortgage loan. Seller is also liable for any tax penalties incurred by LoanStream resulting from unpaid or delinquent real estate taxes due prior to the purchase date, including any escrowed tax disbursements due within the forty-five (45) day period following purchase.

After 30 days, amounts unpaid are considered past due, and LoanStream may begin to net the balance due from outgoing loan purchase wires until unpaid amounts due are paid in full.

8.11 Government Insuring Timing and Document Requirements

The Seller is responsible for ensuring that all FHA, VA, and USDA Loans are insured, and evidence of insuring is delivered to LoanStream Mortgage within 60 days from Closing with delivery of insuring evidence not to precede the date of Loan purchase by LoanStream Mortgage.
